**THE QUICKEST, SIMPLEST COUGH REMEDY**  
Easily and Cheaply Made at Home. Saves You \$2.

This plan makes a pint of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50.

Simple as it is, it gives almost instant relief and usually conquers an ordinary cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an excellent tonic effect. It is pleasant to take—children like it. An excellent remedy, too, for whooping cough, spasmodic croup and bronchial asthma.

Mix one pint of granulated sugar with 2 1/2 pints of warm water, and stir for 2 minutes. Put 2 1/2 cups of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pinex is one of the oldest and best known remedial agents for the throat membranes. Pinex is a most valuable concentrated compound of Norway white pine extract, and is rich in quinine and other natural healing elements. Other preparations will not work in this combination.

The prompt results from this mixture have endeared it to thousands of housewives in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

## SOCIAL REFORMER NOT A SOCIALIST

So Declares Rev. Dr. Bolger in Lecture Before Holy Name Society—Business Men Attend.

More than 100 members of the Holy Name society gathered in the Parish hall of St. Joseph's Catholic church on Hill st. Monday evening to listen to a lecture on "Socialism" delivered by Rev. Dr. William Bolger, professor of economics at the University of Notre Dame.

Dr. Bolger has spent much time in the study of socialistic principles, and the ideas advanced in his discourse gave evidence of his thorough knowledge of conditions as they exist.

The lecturer first outlined the principles of socialism from an economic standpoint. He explained the five axioms of socialism with reference to capitalism, and stated that if these axioms could be allowed to stand, socialism could be acceptable.

Following this statement he took up each axiom separately and pointed out the falsity and the weakness of each.

"A man may be a socialist reformer," he said, "and still not be a socialist; and, while there are evils existing in capitalism at the present time, we do not have to go to the extreme of socialism to remedy these evils."

The lecture was attended largely by business men and men from the shops, who are thrown into daily contact with men upholding the socialistic theory. Thus the lecture proved a great value to those who find it necessary to oppose with substantial argument the false theories that are continually being expounded.

In appreciation of his services the audience tendered the speaker a rising vote of thanks at the close of the lecture.

Pleasant st. entertained a number of friends at dinner yesterday.

Warren Miller spent the week end with friends at Dayton, Mich.

Mrs. Arthur Bosley has returned to Lapaz after a visit with River Park friends.

Oscar Vanderbosh, who has been confined to his home on S. Fourteenth st., for the past week, is rapidly improving.

Charles Duester, who has been employed at Niles, Mich., has taken a position with the Mishawaka Rubber Regenerating company.

Services were well attended at the River Park M. E. church Sunday. In the morning Mrs. Odessa Rayles, of Muncie, Ind., a member of the W. C. T. U. gave a splendid address. Mrs. Taylor, of South Bend, gave a very interesting talk on Foreign Missions at the Epworth league service. In the evening Rev. Charles C. Ford, the pastor, delivered the sermon. He took for his theme "A Cure For Spiritual Idleness and Faultlessness." Special music was furnished by the choir at both services.

Oscar Hutchinson of Chicago spent Sunday with his parents, Mr. and Mrs. W. T. Hutchinson, of S. Sixth st.

## PROTEST AGAINST 'RITUAL MURDER'

WASHINGTON, Oct. 14.—Resolutions of protest against accusations being brought in Kiev, Russia, in the trial of Mendel Beilis, a Russian Jew, charged with murdering a Christian boy to obtain blood for use in the religious ceremony of the passover, were adopted at a mass meeting of representative Jews here. Among the speakers were Rep. Fess of Ohio, Rev. Wm. Rosenau, Rabbi of Baltimore, and Simon Wolf, former minister to Egypt.

The meeting was attended by delegates from 18 Jewish organizations. The resolutions, after reciting that "there is no rite in the Jewish religion exacting the use of human blood in its exercise," protests "to the world in the name of justice, civilization and religious tolerance against the infamous accusation that Mendel Beilis could have murdered Andrew Yastchinsky in Kiev for the purpose of using his blood for the passover ritual."

The resolutions were ordered cabled to the public prosecutor at Kiev.

**MCADOO SAYS BANKERS HAVE NO TIME TO WAIT**  
Asserts Currency Legislation Depends Upon Their Getting Together at Once on Measure.

WASHINGTON, Oct. 14.—"I have no more idea that any considerable number of National banks will refuse to go into the new federal reserve system than I have that I shall fly over the Washington monument," said Secy. McAdoo Monday in discussing the administration currency bill with a delegation of country bankers from the American Bankers' association here to appear before the senate committee.

The secretary said that while he

had given bankers as a class right of way in his office with a view to learning their views and getting information, the bill had been framed with a view to benefiting all classes of people. "If we wait until everybody gets together on a measure," he added, "we never will have a beginning on currency legislation."

Denouncing as traitorous, reports that the government two per cent bonds had reached a danger point in touching 34. Mr. McAdoo said that while the government could not guarantee prices of its bonds, there was nothing to impair their value and the government's faith was back of them. He added that he regarded the bonds a good investment.
